The Product:

A box of farm fresh produce using organic farming methods (the exception is prior to planting, we treat the soil using conventional farming practices). Most of the produce is grown by Tanaka Farms located in Irvine. Produce will be supplemented from other organic farmers to provide a good variety in each box. Produce is delivered to the school once a week where you, the subscriber, pick it up. Subscribers do not have a choice as to what they receive each week. The amount of produce in each box has an approximate retail value of \$25, enough for a family of 3 or 4 for a week.

The Cost:

The cost to the subscriber is \$25 a box per week.
Tanaka Farms receives \$20 and the PTA receives \$5 per box.

Responsibilities:

It is suggested that, you, the subscribers sign up for 8 weeks at a time (\$200) at the time of or prior to the first delivery of produce. This will help simplify bookkeeping for the PTA. Produce not picked up by the subscriber will not be refunded. Tanaka Farms will deliver the CSA boxes to Courreges once a week. Produce will be dropped off in a cool or shaded area. The Organization will distribute the produce to the school. It will be your responsibility to return the empty box from the previous week to the school so they are available for pick up the following week.
