

Attention Courreges Adult Volunteers

Fountain Valley School District policy and the California Health & Safety Code 121545 mandate that all volunteers must have a current TB skin test on file in the school health office before they are able to volunteer with our students. **This test must have been given within the last 4 years to be valid.** If your test was given elsewhere, please bring a copy of it to our office before visiting the classroom.

Our district nurses will be giving **free tests** to those adult volunteers in need on the dates listed below at our District Office located at: **10055 Slater Avenue, Fountain Valley, (Corner of Brookhurst / Slater), (714) 843-3200.**

Please bring top portion of this notice with you to the District Office.

Note: TB testing can be done by your physician or Walk-in Clinics

----- Please return bottom portion to the Courreges Health Office -----
